General Purpose

- + AC/DC power sources
- + Programmable AC sources: 250VA to 480kVA
- + Programmable DC sources: 60W to 30 kW+
- + Electronic loads - AC/DC
- + Modular Power Supplies
- + Programmable AC/DC: 750VA to 2250VA

- + Digital Storage & Mixed Signal Oscilloscopes
 - + 3.5 GHz and below
 - + DPO Series 7000 and below
- + Probes and Accessories
- + Logic Analyzers
- + Arbitrary Waveform Generators
- + Serial Bus Decoder

- + Calibration Software
- + Multi-Function Calibrators
- + Data Acquisition Systems
- + Reference Multimeters
- + Frequency Counters
- + Signal Generators

- + Racks
- + Enclosures
- + Computer Cabinets
- + NEMA, NEBS, Seismic Solutions
- + Custom Solutions

- + Multi-Channel, High Speed DAQ Systems
- + Voltage, Bridge and TC Inputs
- + Sync Data, Video and Audio
- + Record and Display Realtime

- + Semiconductor Parametric Analyzers
- + Low Leakage Switching Systems
- + Source Monitor Units
- + CV-IV Parametric Measurement Systems
- + Curve Tracers, High Voltage / High Current

- + Power Analyzers
- + Transformer Testers
- + Hi-pot Testing
- + LCR Meter

Excalibur Engineering

- + Quality used equipment for Sale/Rent/Lease
 - + Agilent, Tektronix, Rohde & Schwarz, Anritsu, LeCroy, Yokogawa
- + 1 Year Warranty Standard - Extended Warranty Options Available

- + Satellite Simulators
- + Link Analyzers
- + Bit Error Rate Testers

- + Gauss Meters
- + EMF Meters
- + Reference Magnets
- + Current Sensors
- + Hall Effect Sensors

- + Militarized Rugged Laptop Computers
- + Militarized Rugged Portable Computers
- + Militarized Rugged Rack Mount Pieces
- + Outdoor Displays

- + Safety & Compliance Testers
- + EMC Test Equipment
- + ESD Simulators
- + Lightning Surge Simulators

RF & Microwave

- + Hand Held Spectrum Analyzers
- + Mobile Phone Testers
- + RF Field Survey and Channel Test Equipment

- + Noise Diodes
- + Noise Modules
- + Calibration Standards
- + Noise Generators
- + HD Radio Test Sets

- + RF Peak Power Meters
- + RF Power Meters
- + RF Volt Meters
- + Audio Analyzers
- + Peak Power Sensors
- + PIM Testers

- + Multi Fading Emulators
- + Wireless Channel Simulators
- + GSM/GPRS/EDGE, WCDMA, CDMA, CDMA2000, WLAN/WiFi, WiMAX

- + Noise Generators
- + Satellite Link Emulators
- + RF up/down converters to 30 GHz
- + Multi-Octave Synthesizers

- + High Power, Solid State RF & Microwave Amplifiers
- + Modules
- + Integrated Systems
- + Custom Solutions

- + Advanced RF & Microwave Test Sets
- + Component Modeling
- + Characterization
- + ATE Systems
- + Synthetic Instruments
- + Bias Tees

GPS & Timing

- + Modular Time & Frequency Systems
- + PC Board Timing Products
- + Network Time Servers
- + Modular Distribution Systems
- + Inputs: GPS, SAASM, 1PPS, (1,5,10) MHZ, Fiber Optic

Telemetry

- + Demodulators & Modulators
- + Bit Synchronizers
- + Frame Synchronizers
- + Decommunators
- + IRIG Time Code Readers
- + Calibrators & PCM Generators
- + PCI & VME Form Factor
