### Power & Cabinets

- + AC/DC power sources
- + Programmable AC sources: 250VA to 480kVA
- + Programmable DC sources: 60W to 30 kW+
- + Electronic loads - AC/DC
- + Modular Power Supplies
- + Programmable AC/DC: 750VA to 2250VA

- + Industrial/Military Rugged UPS
- + Power Conditioning

- + Power Distribution Units

- + Racks
- + Enclosures
- + Computer Cabinets
- + NEMA, NEBS, Seismic Solutions
- + Custom Solutions

### Calibration & Test

- + Multi-Function Calibrators & Software
- + Data Acquisition Systems
- + Reference Multimeters
- + Frequency Counters
- + Signal Generators

- + Digital Storage & Mixed Signal Oscilloscopes
- + Logic Analyzers
- + Arbitrary Waveform Generators
- + Serial Bus Decoder

- + Quality used equipment for Sale/Rent/Lease
  - + Agilent, Tektronix, Rohde & Schwarz, Anritsu, LeCroy, Yokogawa

- + Avionics Test & Simulation Cards
- + MIL-STD-1553
- + ARINC 429, 664, 825
- + PANAVIA Serial Data
- + Fibre Channel

### Compliance & Environmental

- + IEC 61000 Standards
  - Harmonics
  - Flicker
  - AC Immunity
- + Avionics Compliance

- + RF Amplifiers
- + EMI Testing

- + Multi-Channel, High Speed DAQ Systems
- + Voltage, Bridge and TC Inputs
- + Sync Data, Video and Audio
- + Record and Display Realtime

- + Electrodynamic Vibration Test Systems 440 to 77,000 lbf
- + Permanent Magnet Vibration Test Systems 4.5 to 112 lbf
- + Replacement Power Amplifiers 2 to 420 kVA
- + Head Expanders and Fixtures
- + Service and Upgrades on all Shaker Makes and Models

- + Environmental Chambers and Ovens
- + Thermotron, Cincinnati Sub-Zero, Tenney
- + New and Certified Refurbished

### RF & Microwave

- + Noise Diodes
- + Noise Modules
- + Calibration Standards
- + Noise Generators
- + HD Radio Test Sets

- + RF Peak Power Meters
- + RF Power Meters
- + RF Volt Meters
- + Audio Analyzers
- + Peak Power Sensors
- + PIM Testers

- + 9640 RF Signal Generator
  - + HP 3335 Replacement
  - + HP 8662/8663 Replacement

- + Noise Generators
- + Satellite Link Emulators
- + RF up/down converters to 30 GHz
- + Multi-Octave Synthesizers

- + High Power, Solid State RF & Microwave Amplifiers
- + Modules
- + Integrated Systems
- + Custom Solutions

- + Multi Fading Emulators
- + Wireless Channel Simulators
- + GSM/GPRS/EDGE, WCDMA, CDMA, CDMA/CDMA2000, WLAN/WiFi, WiMAX

Semiconductor

- + Advanced RF & Microwave Test Sets
- + Component Modeling
- + Characterization
- + ATE Systems
- + Synthetic Instruments
- + Bias Tees
- + Pulsed IV/RF Systems
- + T/R Module Testers

- + Semiconductor Pulse Generators
- + Pattern Generators
- + GP Pulse Generators
- + Pulse Calibration Sources

- + Manual Probers
- + Semi-Automatic Probers
- + Fully Automatic Probers
- + Modular / Expandable Systems

Sensors

FW Bell Products:

- + Gauss Meters
- + EMF Meters
- + Reference Magnets
- + Current Sensors
- + Hall Effect Sensors

Telemetry

- + Demodulators & Modulators
- + Bit Synchronizers
- + Frame Synchronizers
- + Decommutators
- + IRIG Time Code Readers
- + Calibrators & PCM Generators
- + PCI & VME Form Factor

GPS & Timing

- + Modular Time & Frequency Systems
- + PC Board Timing Products
- + Network Time Servers
- + Modular Distribution Systems
- + Inputs: GPS, SAASM, 1PPS, (1,5,10) MHZ, Fiber Optic

Rugged Computers & Displays

- + Militarized Rugged Laptop/Portable Computers
- + Outdoor Readable & Night Vision Displays

Design Services

- + Build-To-Print
- + Systems Engineering
- + Systems Integration
- + Acceptance Testing
- + Installation
